Good evening! I'd like to welcome everyone to The State of Synth! I'm DJ Groot, and I'm Neon Fawkes!

Top Story: Bye bye FS

Forever Synth prepares its final episode. Yes! The long time running Forever Synth (formerly known as Every Synth The 80s) apparently decided to call it quits because they could no longer think of any more witty puns for their name. It's true though, all good things come to an end and Forever Synth will be playing their last episode next week.. Or perhaps it will be the following week.. Or the week after that.. With more on the story here is Vosto Vlad.
