Good evening! I'd like to welcome everyone to The State of Synth! I'm DJ Groot, and I'm Neon Fawkes. Welcome to our season finale!

That first song you heard was the classic holiday banger from last year by Syst3m Glitch and Dimi Kaye called "Carol The Bells (Synthwave version)"

Tonight, our guests are Peter Zimmermann and Jordan Noir from Das Record Club! We'll be talking mastering for vinyls, artwork, and anything else that pleases us!

If you are in the chats, say hi! We'll throw some shoutouts, and we may have some trivia coming your way with prizes!

Our Finnish friend TK and our Swedish friend AMD have teamed up for a holiday EP called "Joulu Antin ja Henrikin kanssa" Here's the 2nd track, "Save Future Christmas"
