Wrap up (feedback, patreon, closing track):

Messages and Shoutouts:

For the past three or four years I have been listening to Nightride FM while I work on my Database at home and at in the office. I mostly go through the YouTube Channel. I started listening during COVID. Nightride FM helps me stay focused and allows to produce mountains of work!

And then one day I heard live voices and realised the State of Synth show was live on the air! Now I can converse with someone about the absolute banging Synthwave songs that I have been hearing for so long!! Thank you for being there for us, and helping me get through some pretty tough times and just for always being there when I needed these tunes to ground me. Having guests on the show and promoting new artist has given me myriad of new music to sink my teeth into.

I can't thank you guys enough for what you do providing this small by growing community with so much heartfelt pleasure to the ears. Have a great show :)
