Let's kick things off with some music from Galicia resident CZARINA. She has a new album dropping this Friday, Nov 1st, called "Empire", which has tons of merch too!. If you were in the listening party this past Sunday, you'd know how epic this album sounds. She enlisted the help of Von Hertzog to ensure that the thousands of layers of sound come out blowing your mind. We get to play you a sneak premiere of the titular track! This is CZARINA with "Empire", here on NFM.

From the deep, dark depths of Michigan comes a new track from our favourite band, Von Kaiser (not Kon Vaiser). Since it's the spooky season, they've released this amazing soundtrack themed vocal banger. This is Von Kaiser with "Night Stalker", here on NFM!

Being October, it's fitting that the Pennsylvania artists The Horrornauts release a new album called "Supernatural, Dangerous". Here's a track from the album called "Sick Magic", and you are listening to it here on NFM.

Right, since Fawkes Fawked up scheduling last week, we couldn't do our Jessy Mach interview. Fortunately, Kaarin was able to cover our ass and interview this incredible french artist. He's released this new EP for the season called "Hawthorn Asylum", and we weren't going to miss playing one of the most epic tracks. This is Jessy Mach with "Hymn to Survival", here on NFM.
