Let's kick things off with a track from Italian artist Savage (aka Roberto Zanetti). An established dance and italo musician, he's released a remix EP of his track "Dancing In The Dark", and it includes not one, but TWO Lifelike remixes on it. This is Savage with "Dancing In The Dark", the Lifelike Remix, here on NFM.

French duo (and Pur Zynth Records artist) Code 89 released an EP last week called "Dreamshore". It contains an A side and a B side featuring cool instrumental pure synthwave tracks. From Side A, this is Code 89 with "On The Sea", here on NFM.

Tron Aries (blech) was out on streaming yesterday. Hopefully this is the last movie Jared Leto ever does.

Everyone's favourite Manchester artist Beckett dropped a new track recently, and it features his signature smooth production and vocals (no talk box this time!). This song is pure '80s vibing indulgence. This is Beckett with "Talk To Me", here on NFM.

It’s been a little while since we’ve played a Thought Beings track. Now a trio, they’ve just released a new album called “Cold War Kids” on NewRetroWave (and of course, you can get it on physicals). The album is filled with chill grooving songs celebrating the ‘80s feels, and the track titles reflect this. From the album “Cold War Kids”, this is Thought Beings with “Yuppie”, here on NFM.

Seattle artist Wolftron has dropped a new single just in time for the holidays. It wouldn’t be Wolftron if it didn’t have some foreboding lupine sounds to go along with the energy in the track. This is Wolftron with “Frostbite”, here on NFM.
