Groot! With Neo fast approaching, it’s time to play some harder music for the chooms. Let’s go back to France and play a track from Extra Terra, who has partnered up with UK artist Rogue VHS for this little tribute to the Dune books and movies, in particular the capital city of Arakis. As always, you can expect hard beats from Mr. Terra. Time to crank it. This is Extra Terra and Rogue VHS with “Arrakeen”, here on NFM.

We are not done slamming the brains of chooms. Keep the volume dial up, because this track is courtesy of German artist Vector Seven. Another hard hitting track, featuring lots of “wub wub”. This is Vector Seven with “From The Ashes”, here on NFM.
